

## ES-JN-S-100 NP/K 300825

Product type: Swivel castors with brake
Product group: Equipment castors

Manner's equipment castor selection offers a diverse range of high-quality, durable and smooth running castors. The castors are designed to have a structure that is both durable and stylish. They are also highly reliable and safe. The forks are made of galvanised steel, and there is a variety of wheel options available depending on the application and operating conditions. The castors are available with a single action brake or total-stop brake, depending on the model.

## **Technical data**

Wheel diameter (mm): 100

Wheel width (mm): 32

Load capacity (kg): 100

Overall height (mm): 142

Swivel radius (mm): 107

Weight (kg): 0.67

Brake type: Total-stop brake

Tread material: Soft polyurethane

Sh A Hardness of the tread (shore A):80

Centre material: Polyamide

Bearing type: Ball bearing

Fitting: Bolt hole

Bolt hole diameter (mm): 10

Fork material: Steel

Brake control: Individual
